Director's Vision

Prof. Dr. Jay
Krishna Thakur

“ At EIET, we believe education is a transformative force that empowers individuals and drives positive change. Our mission is to nurture future-ready leaders and professionals who combine knowledge with creativity, integrity with empathy, and innovation with responsibility. Across our campuses in Berlin, Potsdam, and Hamburg, we foster an environment where learning goes beyond the classroom, blending academic excellence with practical experiences and global perspectives.

Our programmes focus on management, tourism, hospitality, health services, and technology, equipping students with the skills to excel in a rapidly evolving world. Through research, industry collaboration, and ethical leadership, we prepare students to transform ideas into impactful solutions, creating a better future for society and the environment.”

Our Commitment

Academic Excellence

Delivering high-quality education that inspires critical thinking and lifelong learning.

Innovation and Impact

Encouraging creativity and research that addresses real-world challenges.

Global Outlook

Preparing students with international perspectives to thrive in a connected world.

Industry Connections

Building strong partnerships to create opportunities and drive success.

Berlin Campus

A Campus Where Ideas Take Shape and Futures Take Flight.

Berlin offers international students a vibrant mix of history, innovation, green spaces and career opportunities, making it one of Europe's most attractive study destinations. Known for its startup culture, research institutions and multicultural lifestyle, the city supports both academic and personal growth.

ELIET Berlin Campus provides a modern, peaceful and student-focused learning environment with advanced facilities, practical teaching, student lounge, cafeteria and career-oriented support. Students benefit from workshops, networking opportunities, industry exposure and a supportive campus atmosphere designed for international success.

Choose ELIET Berlin For:

Multicultural

Potsdam Campus

A Campus That Inspires Creativity and Leadership.

Potsdam offers students a unique blend of academic tradition, cultural heritage and calm city life, with Berlin only a short distance away. Known for its historic palaces, green spaces and growing innovation ecosystem, the city creates an inspiring setting for international education.

EIET Potsdam Campus provides a modern, supportive and career-focused learning environment with smaller class sizes, practical teaching, student guidance and international exposure. Students benefit from focused study, professional development, networking opportunities and a smooth transition into Germany's academic and career landscape.

Choose EIET Potsdam For:

Hamburg Campus

A Campus at the Heart of Innovation and Opportunity.

Hamburg offers international students a vibrant mix of harbour history, global business, cultural diversity and green city life. Known for its port, media sector, aviation industry and welcoming international community, the city creates strong opportunities for study, networking and career growth.

EIET Hamburg Campus provides a modern, practical and student-focused learning environment close to the city's professional ecosystem. Students benefit from career-oriented teaching, workshops, industry exposure, supportive guidance and a balanced campus experience that connects academic learning with Hamburg's dynamic business and cultural landscape.

Choose EIET Hamburg For:

International Advanced Level (IAL)

The International Advanced Level (IAL) at EIET provides students with an exceptional pathway to higher education and professional success. Delivered in partnership with Pearson Education Ltd and Oxford International AQA Examinations, the programme equips learners with critical thinking, independent learning, and research skills. Students can pursue the International Advanced Level (IAL) in either English or German, ensuring a globally recognised qualification that supports university entrance and career readiness.

EIET fosters academic excellence through a carefully designed curriculum and a state-of-the-art campus. Guided by innovation, entrepreneurship, and technological collaboration, the programme empowers students to achieve their ambitions while engaging with a forward-looking global community.

Benefits of Pursuing

- ◆ Global Recognition
- ◆ University Admission
- ◆ Subject Specialisation
- ◆ Flexibility
- ◆ Intensive Language Training
- ◆ Preparation for University

Duration
12 - 24 months

Languages
English and German

Enrolment
January, April, July,
October

Bachelor in Tourism and Tourism Business Management (BTTBM)

Experience a unique learning journey at EIET, where the energy of one of the world's leading tourism hubs meets academic excellence. Offered in collaboration with Universidad Católica San Antonio de Murcia (UCAM), Spain, this three-year programme equips students with the skills, knowledge, and cultural insight necessary to succeed in the international tourism and hospitality industry.

The BTTBM degree combines theoretical foundations with practical experience, preparing students for roles across hospitality management, destination planning, travel services, and tourism entrepreneurship. Through elective subjects and practical learning, students can explore areas aligned with their career ambitions while gaining exposure to real-world challenges and industry practices.
